A company of Mormon emigrants will sail from Liverpool on the 11th of next month, to be followed by other companies on May 16th and June 20th. The fare from Liverpool to Salt Lake this year is \$53.

"Patience" was attended by a very large audience at Ogden last evening and the performance was so highly satisfactory to the Ogden people that there is talk of its being repeated next Monday evening. The company play in Brigham City this evening.

Three carloads of horses for the St. Louis street car lines, were shipped over the D. & R. G. yesterday by Parsons & Co. They came from Captain Parsons' Nevada ranch. Twelve carloads of beef cattle were also shipped from Spanish Fork to Leadville.

Mrs. Dunford, the wife of Geo. L. Dunford, was subpoenaed last night to appear before the Grand Jury this morning. She failed to put in an appearance this morning and an attachment was issued and placed in an officer's hands but the defendant could not be found.

The new time card of the D. & R. G. W. will go into effect next Monday. The train that leaves for Ogden at 8:05 a. m. and returns in the evening will be laid off, and the Atlantic express will arrive from the east at 5:05 p. m., instead of 4:55, and leave for Ogden at 5:10.

Messrs. Mulloy & Paul propose to make several additions to their list of fine roadsters for the coming season. Mr. Mulloy, who left for Chicago last Monday, is commissioned to purchase several teams for Salt Lake parties and will bring enough more for himself to make up a carload.

Mr. Conklin telegraphed Captain Lusk, superintendent of the Queen of the Hills mine, for a statement of the condition of affairs this morning, but at 3 o'clock this afternoon had received no reply. Mr. Conklin is convinced that quiet has been restored and everything is running smoothly, or he would have received further advice.

C. O. Whittemore yesterday filed a notice of appeal in the Simpson polygamy case. The bill of exceptions is not yet prepared but the appeal will be based upon erroneous instructions to the jury. If Judge Zane is sustained by the Supreme Court of this Territory, Mr. Whittemore declares his intention of carrying it up to the Supreme Court of the United States.

The Utah Central and the D. & R. G. Western are considering the advisability of adopting regular conference rates to Salt Lake City during conference time. If this should be done more people will come to Salt Lake than will go to Logan. Two-thirds of those who come to this city during conference time, do so to visit friends and to trade and not to attend the Tabernacle.

In these days it is next to impossible for a deputy marshal to make service in civil suits, so great is the scattering of the people when an officer appears. Deputy Vandercook drove out southeast of the city Wednesday evening to serve a summons in a civil action, and it was thought then and is still believed that he was looking for some one to arrest, and consequently he found no one at home.

We will show to-morrow morning Yoman's Celebrated New York Hats, which lead the fashion in New York, and the same in all cities in the United States.

THE HUSBAND'S LIABILITY.

Something of Interest to Young Men

Contemplating Matrimony.

An interesting case was decided by Judge Zane this morning, in which the liability of the husband for debts contracted by the wife before marriage was involved. The case was that of Miranda McKee vs. J. F. Wilcox, and \$18 was the amount involved. It appears that the plaintiff, Miranda McKee, was employed as a saleswoman in Jennings & Sons' store in 1881, and sold to the defendant's wife, before her marriage, a cloak valued at \$18, which was not paid for at the time and which was therefore charged to plaintiff by her employers, as was the custom in such cases. Miranda McKee, in 1882, brought suit against the husband of Wilcox, to recover the justice of the peace for Jennings precinct. The husband refused payment on the ground that the party who bought the merchandise was not his wife at the time of the purchase, and that he was not liable for the debts contracted by his wife before marriage.

A judgment was rendered in favor of plaintiff in the justice's court and an appeal taken to the Third District Court, where the case was tried on Monday.

Judge Zane, in giving his decision this morning, stated that in common law the husband was liable for the debts of the wife at the time of marriage. The reason for this rule was that under common law the husband took all of the wife's property at the time of marriage, and it was therefore no more than right that he should assume her debts. The reason for this rule has not absolutely ceased in this Territory. Although under the statutes, the wife is given the right to hold and acquire property by purchase, yet her labor belongs to her husband, and she is therefore prevented from applying her labor to the payment of debts, as she could do before marriage. The court was of the opinion, therefore, that the defendant ought to pay for this cloak, and a judgment for plaintiff was ordered.

Robbing a Paint Shop.

The burglars are again abroad in the land, seeking whatever they may lay their hands on. They effected an entrance to W. C. Morris' paint shop on West Temple street last night, by removing the sash from a back window. A pile of lumber beneath the window was covered with old clothing in order to deaden their footfalls, and they then proceeded to examine the stock of paints, oils, brushes, etc., taking materials of the greatest value, thus exhibiting a thorough knowledge of the business. Among the articles taken were a can of imported English varnish, valued at \$35, and a valuable diamond glass cutter. The total value of the goods taken is estimated at \$300. The police have a "clue," but have not yet found the robbers.

The "Sideboard."

B. Sprenger's new saloon, next to McKimmin's livery stable, has been christened the "Sideboard," and will be opened to-morrow. It has been elegantly fitted up in an entirely new departure in Salt Lake, in the manner of its arrangements. Nothing but the very best of wines, liquors and cigars will be kept, and the resort will be strictly first class. Mr. Sprenger is well known in Salt Lake, and cordially invites his friends to call at the "Sideboard."

Several of the men who went wild over the gold discovery have not yet recovered from the craze and declare they will yet force the doubting Thomases to admit there is something in it. It is to be hoped they will. A fifty-stamp mill on City Creek might tend to enliven business a little.

AWAY FROM HOME.

Deputy Marshals Visit the Carbon Farm.

Deputy Marshals Greenman, Vandercook and McCurdy, armed with a score or so of subpoenas for members of Geo. Q. Cannon's families, thoroughly prospected the Cannon farm, southwest of the city, last night, but without very satisfactory results. The three houses were visited and searched, but the maternal heads of none of the families were found. The officers were refused admission to one of the houses and were about to make forcible entry, when the door was thrown open. A school-teacher named Sanders expostulated with the officers and assumed a rather threatening aspect, but a subpoena and the riot act were read to him, and he was told that if he attempted any interference, he would be given free lodgings for the night, when he subsided. Six young ladies were also subpoenaed, and these witnesses were interviewed by the Grand Jury this morning. It is supposed that Geo. Q. Cannon is the subject of the investigation. He was expected to return this evening, but in view of the above proceedings, he may deem it advisable to delay his arrival.

The Mammoth Concert.

Mention has previously been made in these columns of Professor Careless' Mammoth Orchestra and his coming concert, which is announced to take place at the Salt Lake Theatre next Wednesday evening. The programme has not yet been arranged, but it will include vocal solos by Mrs. Careless, Miss Edna Russell and Mr. Robert Gorlinski. Among the instrumental numbers there will be a piano solo by Prof. Krouse, piano duet by Prof. Radcliffe and Mr. C. Carrington, violin solo by Prof. Weihe, cello solo by Mr. Van Praag. Among the orchestral selections, "The American Patrol," composed by Prof. Careless, will be rendered. "Evening Thoughts," composed by W. C. Clive, will also be given. The full programme will be published in a few days.

The Big Benefit.

Messrs. Calder, of Calder's Music Palace, with their usual public spirit, and desirous of taking part in the public compliment to Miss Ida Hitchcock on the occasion of her coming benefit, have generously contributed the use of a Chickering concert grand piano for the occasion. Good for the Calder.

A DISPATCH was received by Mr. Conklin from Captain Lusk, superintendent of the Queen of the Hills mine, at 3:30 this afternoon, stating that the mine was being worked day and night. General Brishin has promised ample protection if the Union miners attempt any further interference.
